Client: Chelan County Fire District #5  
Project: Manson Fire District Volunteer Committee Recruitment Letter (Non partisan)  
Author: Terry LaBrue, APR  
Communications Consultant

April 5, 2024

Dear Friends of the Fire District:

As you may have heard, the Chelan County Fire District #5, here in Manson, is putting a ballot measure before the voters this coming August.

To help get the word out, and to explain the details of the proposed replacement tax, a number of residents are needed for a volunteer committee. Plans for publicizing the measure and getting voters to return their mail-in ballots on time, are moving right along. Mind you this is not an entirely new tax but a replacement for the one that will soon expire. In addition, some senior homeowners will be exempt from the tax, according to Chelan County Tax Assessor, Wes Cornelius.

Tasks such as door belling, phoning voters, letter writing to the editors, posting notices on Facebook and other social media, chatting up your neighbors, installing yard signs and other duties in the communications plan. We are seeking volunteers who are willing to assist. Can you step on the band wagon to help?

Our first meeting is set for Thursday, April 11<sup>th</sup> at 4:30 p.m. at the Manson Grange at 157 East Wapato Way, is open to everyone so you can learn more about the ballot measure and how you can help get the word out. The Fire District will be providing information. Will you join us and attend?

If you have any questions in advance, please call: 509-687-3222.

See you at the meeting at the Grange.

Sincerely,

Terry LaBrue
